15.1 St Marks Retail Designated Parking Area - Map

1. Introduction

This policy applies to all employees and students at UL as well as all visitors and external individuals and organisations using UL's car parks. This policy relates to all UL car parks, comes into force on 1st September 2010, and is operational 24 hours a day, 7 days a week.

The Car parking Policy has been drawn up to maintain effective management and control of vehicles on all campuses, and to ensure the Health, safety and welfare of staff, students and visitors using the campus.

Car parking is a limited and valuable commodity that is expensive for the University to maintain and operate and demand for spaces may outstrip supply. This policy does not guarantee spaces for anyone including permit holders.

UL is committed to moving towards more sustainable forms of transport and to ensuring that accessibility to its sites is improved for all students, staff and visitors. UL is also under pressure from the local authorities to come into line with government policy and reduce the use of the car in connection with its operations. There is increasing demand for the limited car parking spaces that are available and traffic generation and on-street car parking can cause tension with neighbours.

The Car Parking Policy and charges are part of the University Travel Plan. Revenue generated by parking charges will contribute towards the maintenance and operation of the University car parks as well as support initiatives designed to encourage staff and students to use alternative forms of transport.

To ensure that the car parks are only used by those authorised to do so a series of enforcement measures have been put into place to discourage unauthorised parking.

This policy relates to all motorised vehicles.

2. General Regulations

During the hours of 0600 and 1630 hrs Monday to Friday, only vehicles displaying a valid UL staff parking permit or scratchcard may use the car parks and this must be in connection with UL business.

During the hours of 1630 hrs and 0300 hrs Monday to Friday and 0600 hrs to 0300 hrs weekends, vehicles displaying a valid UL staff parking permit, scratchcard, UL student parking permit or pay and display sticker may use the car park.

No vehicles will be permitted to park on campus between the hours of 0300 and 0600 hrs on any given day, without prior written approval obtained from the Estate Services Department.

The University does not accept responsibility for any loss, damage or misfortune to any vehicles, or its contents, brought onto, or parked on University property.

All vehicles must be parked only in designated parking areas. Vehicles must not be parked on:

- Yellow Lines
- Hatched road markings

- Verges
- Landscaped areas
- Pavements and pedestrian walkways
- Any non-designated parking area
- Campus Way (Brayford Campus)
- Tow path to rear of Brayford student residences.

Only visitors and vehicles displaying a valid permit will be allowed to park on campus.

The University has the right to withdraw any parking permit at any time.

The University does not, at any time, guarantee the availability of parking spaces to staff, students or visitors. Any person who is unable to find a parking space should remove their vehicle from the campus immediately.

All persons bringing a vehicle onto the campus must obey the instructions of traffic management staff and traffic signs.

A maximum speed limit of 10mph should be obeyed at all times.

No vehicles to be parked in P1 except for official pre booked visitors to the UL and disabled permit holders parked in disabled bays.

3. Authorisation to Park on Campus

Staff may apply for a permit to park on the Campus where they are based if they meet the following criteria:

- They are a University employee (full or part time).
- Temporary staff may only apply for car park scratchcards which are available from retail outlets on campus.
- Visiting lecturers are required to apply for car park scratchcards which are available from retail outlets on campus.
- Staff and students who are Blue Disabled Badge holders may apply for a permit to park in the designated disabled parking bays on campus. Staff eligible to use disabled spaces may also use non-disabled spaces on campus where a disabled space is unavailable.

Notes:

Separate areas will be identified on each campus for External Visitor and Hire Car parking.

Visitors to the University who have pre-booked parking arranged must comply with the visitor parking arrangements at the site they are visiting.

Drop-off delivery vehicles are excluded from this authority provided that they are delivering goods to the University previously ordered.

Contractors parking their vehicles on Campus with the authority of the Estates and Commercial Facilities Department, and **subject to availability**, may only park in an agreed area.

Authorised external individuals and organisations (i.e. tenants) will be issued with valid permits as indicated in their agreements.

4. Permits

The appropriate permit must be clearly displayed on all cars parked in University car parks.

External visitors parking on UL car parks must follow the appropriate procedure as directed by security officers or car park attendants and, where appropriate, display the required permit.

Staff and student permits will only be issued on completion of an application form.

Applications for permits should be completed and returned as indicated on the application form.

Permits will be issued to individuals and they are not transferable.

The issuing of a permit **does not guarantee** the availability of a car parking space.

To assist staff car park permit holders visiting other campuses, staff car park permits will be valid for the main car park at each campus, but spaces are not guaranteed. Student permits are only valid between the hours of 1630 hrs and 0300 hrs Monday to Friday and 0600 to 0300 hrs at weekends.

The University reserves the right to close car parks out of peak hours and to allocate parking spaces to other users at any time i.e. in connection with Open Days, conferences etc. Wherever possible reasonable notice will be given if peak time parking arrangements are to be significantly affected.

Members of the University only occasionally wishing to use the car parks may do so by purchasing a scratchcard. These tickets must be displayed within the vehicle at all times.

A daily audit of parked vehicle permits will be in operation.

Car parking policy is under constant review. Permits become invalid on termination of employment or completion of course and must be returned to the Estates Services Department.

4.1 St. Marks Parking Permit

The permit is valid Monday to Friday from 8am to 6pm. It can be used at St Marks Retail Park in the designated area shown at Appendix 1.

The permit must be displayed in the vehicle at all times.

The permit will be exchanged for your University permit to ensure we maximise use of all parking spaces. The permit will be valid in University car parks after 3pm on weekdays and throughout the weekend.

The permit will be subject to charging in line with section 4 of the parking policy. The spaces are owned and managed by an external provider and therefore permit holders will be expected to use the car park in a responsible manner and comply with any reasonable requests from the owner for the good management of the car park or estate.

The owner may engage in ticket enforcement and signs detailing this and the applicable charges will be signed around the car park. Please take note of the signs as the University will not be able to reimburse permit holders for any ticket enforcement.

The permit holder must not:

- use each of the Parking Spaces other than for the parking of not more than one private motor car;
- use the Parking Spaces nor the Access Way in any way which causes a nuisance, disturbance, damage, interference or other intrusive effect;
- carry out on the Parking Spaces or the Access Way any washing, cleaning, repairs (except minor emergency repairs) or maintenance to any vehicle;
- allow any vehicle of or under the control of the Licensee (and those authorised by it) to obstruct or interfere with the use of the Access Way or the Car Park or with the parking of motor vehicles in the Car Park;
- allow any person or animal to remain in a parked vehicle in the Car Park;
- Without prejudice to the preceding sub-clauses of this clause, use the Parking Spaces except for the Permitted Use.
- impede the Owner or its employees or agents in exercising control of the Car Parking Spaces;

4.2 Charges

The University is committed to reducing the amount of car usage associated with its activities and as a consequence, an annual charge for the issuing of permits will be made.

4.2.1 Salary sacrifice

The University will operate a salary sacrifice scheme through the payroll department for all employees completing the parking permit application process. In line with the HMRC approved regulations, deductions will be taken from net pay with relevant relief given against statutory deductions.

4.2.2 Employee responsibility

All employees are **fully** responsible for informing the University Estates department of any changes to their permit requirement. This includes the cessation of the requirement through termination of employment. Changes that impact on the payroll transaction will be applied on the next available payroll following the submission of the change.

4.2.3 Part month deductions

Deductions will not be taken on a monthly pro rata basis. The determination to take the deduction will be based upon whether the requirement for the permit covers the greater proportion of the calendar month. In the event that the permit is required for the greater part of the month then the full monthly deduction will be taken. Consequently where the permit is not required for the greater part of the month i.e. a starter at the end of the month or a leaver at the beginning of the calendar month, then no deduction will be applied.

4.2.4 Changes to deductions

Should a change in grade be applied to an individual either increasing or decreasing their substantive post then any change to payment will be automatically applied to the payroll based upon the part month payment detailed above.

For individuals occupying multiple posts at varying grade deductions will be calculated based on the highest graded post.

4.2.5 Inability for deductions to be taken

Deductions will be taken from the payroll for all employees who have applied for a permit regardless of any absence. It remains the full responsibility of the individual to manage the application/cessation process in line with their working pattern. This includes where an individual becomes absent from the University in the event of planned or unplanned leave, including for example maternity, sickness absence and sabbaticals.

Should the event occur of there being insufficient pay to make the full deduction in any calendar month then any outstanding liability will be carried over and taken to the next pay period until the required amount can be deducted.

Retrospective applications to withdraw permits will not be backdated beyond the payroll month when the notice is received.

The car parking charges will be reviewed annually and for the twelve month period, 1st September 2015 to 31st August 2016, the following charges apply. Charges apply to both full and part time staff. Part time staff that are 0.5fte or less will be charged the half rate, all staff above 0.5fte will be charged the full rate. The table below shows the annual and monthly charges for the bandings.

Band	Full Rate Annual	Full Rate Monthly	Half Rate Annual	Half Rate Monthly
Grade 2, 3 & 4	£48	£4	£24	£2
Grade 5, 6 & 7	£72	£6	£36	£3
Grade 8 & 9	£108	£9	£54	£4.50
Grade 10 & above	£144	£12	£72	£6

The revenue raised will contribute towards the cost of maintaining the University car parks and to support green travel plan initiatives.

5. Scratchcards

Occasional and infrequent users of the car park can purchase scratchcards rather than subscribe for a parking permit.

Scratchcards will be available at £1 per day, in books of ten, from University retail outlets.

The date on which the scratchcard is to be used should be scratched off and the card left clearly visible on the dashboard of the vehicle when parked on UL premises.

A staff ID card will be required to purchase the scratchcards and are only for use by University staff while on University business.

6. Motor Cycles

Motor cycles must only be parked in designated areas which are clearly identified.

Motor cycles are classified as a vehicle under the general regulations of this parking policy.

Motor cycles must not, under any circumstances, be chained or locked to any part of any University building.

Motor cycles do not require a parking permit, however they are not exempt from an excess parking charge for failure to comply with this policy.

7. Disabled Persons

Disabled persons are identified as those who hold a valid Blue badge.

Disabled badge holders will require a parking permit and they will be charged at the above rates.

Disabled persons are not exempt from excess parking charges for failure to comply with this policy.

8. Car Parks

For a map of University car parks please see the [Parking Map](#) on the E&CF website.

P1 – Pre Booked Visitors

P1 is for official pre booked visitors and disabled badge holder parking only. Please contact security to book your visitor in.

P2 – Brayford Trust

P2 is for Brayford Trust permit holders only and is not available to University staff.

P3 – Marina Car Park

P3 will be closed completely during the development of the Marina site for student residences. On completion of the project there will be parking for Marina Permit Holders and is not available for University staff.

P4 – Pre Booked Visitors and VIPs

Spaces are limited to:

- Vice Chancellors office, board of governors and executive board.
- Disabled staff and students with special requirements.
- Authorised visitors to the University
- Staff, students and visitors as authorised by the VCO.

P8, P9, P10 – Boulevard Car Park.

This car park is for general University Staff use. The first 8 marked mays in P8 are reserved for Siemens authorised use only and are not available to the University.

P13 – JBL Car Park

This car park is accessed off Beavor Street and is for general University staff use. There are clearly marked visitor bays for pre booked visitors to JBL and Minster House which can be booked through security on site.

P14 – Green Lane

This car park is accessed via the JBL car park and is for general University use.

P12 – Charlotte Scott

This car park is accessed off Ruston Way and is for General University staff use. The car park has automatic bollards to control access and the four digit PIN is available from security.

Short Stay Car Park

A short stay car park is available at the Brayford campus for anyone who is visiting or is engaged in University business. The car park is located at the front of one campus way.

The maximum period of stay is 30 minutes.

Any vehicle which is parked within this area for longer than the maximum 30 minute stay will be subjected to ticket enforcement.

9. Management of Car Parking areas and Enforcement of Policy

To ensure compliance with the Car Parking Policy authorised personnel will patrol the UL car parks and campuses and may issue excess charge notices to the owners of vehicles committing the offences set out below for which the owners will be liable to pay an excess parking charge.

Any vehicle:

- For which no UL permit has been issued.
- For which a scratchcard is required but has not been purchased and displayed.
- For which a Pay and Display ticket is required but has not been purchased and displayed.
- Which is causing an unnecessary obstruction.
- Parked in a disabled bay without a valid Blue Badge displayed.
- Parked in a reserved bay without authorisation.
- Which is parked outside the designated parking areas.

Any vehicle parked in breach of these regulations will be subject to ticket enforcement. This is advertised on campus signage. The University reserves the right to vary these charges from time to time.

The University shall have the power to deal with any vehicle left in breach of these regulations by having it removed at the expense of the owner, or person responsible, to any public or private place, which the University may deem convenient.

In the case of a breach of this policy the University shall be indemnified by the person responsible, in respect of any loss liability or damage, arising from removal of the vehicle, howsoever caused.

Should any student or member of staff be found to have acted in a fraudulent way or to have behaved in a threatening or intimidating manner to staff (whether directly employed by the University or a contractor) seeking to apply this policy, this will be treated as a serious disciplinary matter by the University and, in addition to any other measures that may be imposed as a result of any disciplinary action taken by the University, the permit may be withdrawn.

9.1 Notices

At all vehicular entrances and entrances to car parks, notices will be erected advising on the use of parking charges where vehicles are parked outside designated car parking areas or without an authorised permit clearly displayed.

9.2 Patrols

The University may contract out the responsibility for patrolling the car parks, issuing parking charges and enforcing the Car Parking Policy.

9.3 Cars left long term or abandoned

The University reserves the right to remove any car not parked in accordance with this policy (without a correct permit or outside a permitted area) if it is left on campus for more than five days. A warning notice will be placed on the car giving notice of its removal except where earlier removal is considered appropriate in order to remove an obstruction or danger.

9.4 Appeals

All appeals against parking charges must be made in the first instance in writing to the agency responsible for collecting parking charges.

10. Parking on roads surrounding the Campus centres

This can cause a nuisance to our neighbours, particularly in established residential areas and can harm the University's relationship with the local community. The University therefore positively discourages staff, students and visitors from parking on surrounding roads.

Vehicles that are parked illegally on public roads may have appropriate action taken against the drivers by the relevant authorities.

11. Visitor Car Parking

Visitor car parking is limited on all campuses and must be pre booked through the Estates Services Department/Security Office.

Visitors to the University must comply with the arrangements in force at the campus concerned.

12. Contractor Car Parking

Please note, this procedure does not apply to vehicles making deliveries, where only short term parking is required.

Car Parking for Contractors engaged by UL to work at UL sites cannot be guaranteed.

Contractors engaged by UL (whether by the Estates Department, Faculty or other Support Departments) who require to park their vehicles on UL premises whilst they carry out that work should apply as follows:

All Campuses- in person at the Estates Services Department/Security Office.

When permission is granted, contractors will be issued with a distinctive Car Parking Permit with a clear expiry date written on it.

Contractors vehicles parked on UL property which are not displaying a permit are liable to an excess parking charge as per the UL Car Parking Policy.

Contractors' vehicles displaying the appropriate permit but parked in disabled bays, blocking fire exits, causing an obstruction or in any other way contravening the UL Car Parking Policy are liable to an excess parking charge.

13. Parking out of hours

After 1630 hrs Monday to Friday and at weekends the Boulevard car park (Brayford) will be available for students and members of the general public. Students will require a student permit available from the Estates Services Department. The general public will be required to purchase and display a valid ticket available from pay and display machines within the car park area.

14. Enforcement Agency

Details of the names and addresses of registered owners of vehicles issued with excess charge notices may be passed to the University by the appointed contractor. Data held by the contractor and the University will be held in accordance with the Data Protection Act 1998.
