

Let's Talk About the University
Our Campuses

WELCOME TO THE
UNIVERSITY OF LINCOLN
Estates Induction

About Estates

Who are we?

The Estates department is responsible for maintaining and developing the University's physical environment.

- Maintenance
- Projects
- Space Management
- Property
- Sustainability
- Estates Compliance
- Business Support

Main interactions

- Maintenance helpdesk
- Space change
- Environmental initiatives
- General enquiries

Support Desk

The Estates Support Desk handles estates requests from students and staff. We aim to resolve all requests in a timely manner and in line with our published [service levels](#). This covers both Estates and Campus Services related works.

You can request an update on a previously submitted job ticket by emailing the Estates Support Desk and referencing your Planon Job Ticket number. Alternatively, visit the link below.

Submit a new request

Submit a new request for the Estates Support Desk or check the status of your pre-existing requests via the links below:

[My Current Requests](#) >

Check on the status of a preexisting request

[Academic Building Requests](#) >

Log a maintenance job or request porter or security services on campus.

[Residential Building Requests](#) >

For requests relating to residential buildings only.

Staff can log a
maintenance, access
or security related
request through the
Estates Support Desk

Environmental Sustainability Strategy 2022-27

Strategic Aims

Campus Management

Embed Net Zero.
Increase biodiversity.
Adapt to climate risk.

Research and Enterprise

Research signposted to SDGs.
Develop a clear offer to support external organisations.

Student learning and engagement

Embed sustainability in curricula.
Students contributing to sustainability projects and aware of their own actions.

Community approach to sustainability

Welcome ideas and suggestions.
Vibrant Staff Sustainability Advocates network.
Departmental-level sustainability KPIs and objectives.

Visible leadership in sustainability

THE Impact Rankings.
Green Gown Awards.
Lead the local transition to Net Zero and Sustainability.

Key Information

- Declared a Climate & Ecological Emergency
- ISO14001 & ISO 50001 (Environmental and Energy Management Standards)
- Environmental & Energy Policy – Estates website
- Carbon Management Plan 2022-2030 – Estates website
- Net Zero by 2040
 - 60% reduction by 2030 from 2009/10 baseline

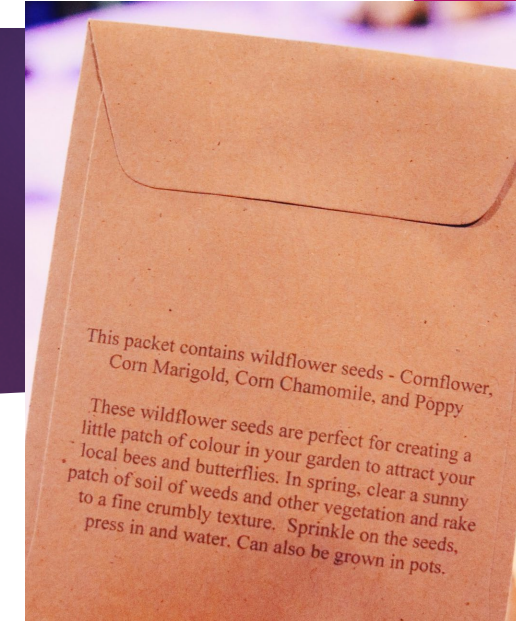

How are we supporting biodiversity?

- ▶ The University of Lincoln has signed up as a founding institution of Nature Positive Universities, a global campaign to restore biodiversity
- ▶ We are part of the Farming for Carbon & Nature Pilot project managed by Students Organising for Sustainability (SOS UK)
- ▶ We are committed to creating a vibrant and diverse planting scheme across the estate, including dedicated rewilded areas and wildflower meadows
- ▶ We support ongoing biodiversity projects in the city including the Greening the Brayford; where biohavens have been rolled out alongside the Brayford

How do you contribute?

- ▶ Volunteer – Join our **Staff Sustainability Advocacy Scheme**
- ▶ By saving energy. Turn off PCs and monitors when not in use, turn off lights etc.
- ▶ Take part in our "Switch off" campaigns
- ▶ Consider your student/staff incentives
- ▶ Recycle. We have opportunity to increase our recycling rates. In 21/22, 31.8% of University waste was recycled
- ▶ Use the KeepCups/reusable cups.
- ▶ Take part in sustainable travel; bike hire & “Kinto – car share”
- ▶ Get involved in **Hedgehog Friendly Campus** – Advocate for wildlife on the estate
- ▶ Utilise the University CLEAN Hub – get involved in litterpicking events or organise your own.
